E. REGISTRATION OF A PRODUCTION FACILITY FOR EXPORT OF NATIVE CITES SPECIES

This application is to be used by qualified production facilities to establish an annual registration, or master file, to export certain native species (if requesting authorization for sturgeon or paddlefish, please use form [3-200-76](#) or [3-200-80](#)). The master file will allow the registrant to obtain a number of single-use CITES export documents (at a cost of \$5 each) for approved species. Please contact the Division of Management Authority or [see our webpage for a list of qualified species and conditions](#) that must be met to qualify for registration, or to answer any questions you may have.

The U.S. FWS may not be able to issue CITES documents for the commercial export of Appendix-I specimens, unless the specimens were obtained from animals produced at a CITES-registered Appendix-I commercial breeding operation. For more information on registering an Appendix-I commercial breeding operation, contact the Division of Management Authority at 800-358-2104 or managementauthority@fws.gov.

Electronic submission of inventories, photographs, and receipts: Some applications contain extensive inventories and/or a large number of photographs or receipts. You may provide electronic versions of the documents. Such a submission will assist in expediting the processing of your application since it may reduce data entry by the U.S. Fish and Wildlife Service. If you wish to provide information electronically, once you have received an application number via the e-mailed acknowledgment letter, e-mail your information to Permits@fws.gov. Be sure to include the application number provided in the acknowledgment e-mail that will be sent to you when we receive your application.

I will be submitting documents electronically.

I would like to:**ESTABLISH A NEW REGISTRATION (Processing Fee = \$50)**

(This application allows you set up a Registration, valid for one year and renewable, for exports of certain native species under CITES. Once the Registration is approved, you will need to obtain single-use permits, valid for 6 months, for each export (50 CFR 13.11.))

RENEW AND/OR AMEND AN EXISTING REGISTRATION, FILE # _____ (Processing Fee = \$50)

For either the establishment of a new registration or renewal/amendment of an existing registration, please indicate the number of single-use permits you anticipate using in the next 6 months? _____
(Provide \$5 for each 6-month permit.) Additional permits may be requested by submitting form [3-200-74](#).

Please respond to each of the following questions and provide all information requested. Mark questions that are not applicable with "N/A". If needed, use separate sheets of paper. Please indicate the question number you are addressing on all attachments or separate sheets you submit. If you are applying for multiple species, be sure to indicate which species you are addressing in each response.

1. Name and address where you wish the permit to be mailed, **if different from page 1**. If you would like expedited shipping, please enclose a self-addressed, pre-paid, computer-generated, courier service airway bill. If unspecified, all documents will be mailed via regular mail through the U.S. Postal Service.
2. Who should we contact if we have questions about the application (name, phone number, and e-mail)?

3. Have you or any of the owners of the business (if applying as a business, corporation, or institution), been assessed a civil penalty or convicted of any criminal provision of any statute or regulation relating to the activity for which the application is filed; been convicted, or entered a plea of guilty or nolo contendere, for a felony violation of the Lacey Act, the Migratory Bird Treaty Act, or the Bald and Golden Eagle Protection Act; forfeited collateral; OR are currently under charges for any violation of the laws mentioned above?

If you answered "Yes" to Question 3, provide: a) the individual's name; b) date of charge; c) charge(s); d) location of incident; e) court, and f) action taken for each violation. Please be aware that a "Yes" response does not automatically disqualify you from getting a permit.
